

Realising the potential of your merino business

Sheep Connect NSW and the NSW Stud Merino Breeders Association invites you to come along to discuss how to maximise profitability from sheep.

Featuring presentations from

Phil Graham (Technical Specialist Livestock Systems, NSW DPI)

Georgia Twomey (Commodity Analyst, Rabobank)

Anthony Shepherd (Principal, Sheepmatters)

Greg Sawyer

Luke Stephen (Technical Specialist Sheep Breeding, NSW DPI)

Local Lands Services District Veterinarians

Topics covered:

- The role of the merino in the farming system: proving the value and versatility of sheep enterprises.
- Classing up market opportunities: current wool market dynamics, drivers of price - looking down the chain, off-farm - where is the potential for wool?, chasing efficiency - what is within a grower's control?
- Valuing production, not age: identifying the money makers in a flock.
- Science and ewe
- Seasonal sheep health update
